COLCRADO SPRINGS. SATURDAY, APRIL 24, 1886.

GLADSTONE'S SCHELLE,

The Premier Presents the Second Part of Lis Plan

House of Jommons.

Irish Landloids to be Given an Onnorth mity to Selli

#### Gladstone's Land Bill

this evening. There was hard y any excite- to represent an imperial contribution for ren on the Third avenue line. A most the of men who knowsed a m down and hear a m enthusiasm which attended the memorabe diarges, was 2,085,000 mounds. What did durys need to o'd ock is morning. A street fight a shorwas fired by some ore which had home rule measure was proposed. At noon an army o' 26,000 men to tre and and tept police and streets along which cars an are the vicinity at he time. to-day but ninety seats on the foor of the them there at an annual cost filed with "bue coals." nouse and been "hatted," and these were of \$,000,000 pounds, \$15,000 pounds. Employes of the Dry Doct the state at near y a taken by it sh members. At 4 more han the balance mealoned. That they led, work because ordered to do so by o clock the louse was crowded to is utmost was a specimen of the economy of the system. The communes and not because they had any capacity. Mr. Glacstone rose in 2 s place the speaker wanted to root up. Mr. G adstone grievances. Forty-second street ine med at 5.55 p. in and was greeted commenced the scheme to the strict, zea ous, stopped for the same reason. In fact the with cheers. When he began to speak is careful, unbiased examination of Englishmen. men on none of the lines, with the exception voice was low and busky. The said the aim of the was convinced that it would be recognized of the Chirch relation and antethe present endeavors of the government was as a hilling part of the great, ausb clous ef- to make in regard to hours or hay. A general cirected owards securing conferment, among fort to sustain the plans of the circlest legisla- ", e a," was ordered so as to force the direction of the circlest owards securing conference of the circlest owards owards owards owards owards on the circlest owards ow the people of the end and permanent restorations there for the we have of what back long been, ors of the Chirc avenue one to the tion of social order. The speaker's proposa's and the speaker toped would ever be under demands of the strikers. The men ordered would greatly benefit the tenants of the air, the circumstances far happier than hereto- out on a number of inestee, very but er over southwestern system of rai roads to atrice but landlores were the principa object fore, an integra part of her insjesty's comin- the action of the comin ties in slopping a the measure, although he ton. thought that many of these ment's polic. At the outset the speaker plause. Mr. Gaestone's proposa's do not was his intention to ask Scotch and oglish three per cents, but of only 50,000,000 pounds pounds in the Third avenue no started the first and of the started th to run any premiury risk on account of land trom the 180,000,000 pounds in new threes lords of reard. The history of refere was already authorized. one forg in definent against its by cowners. Imposing a Duty of Wool of Fore.g. 2100 .0010...

Provisions of the Various Acts---A Stady for Wool Browers.

eacer he cate of April 13th the Woo er. mation hat we be or interest to he woo - which growers of A. Asso county

is to be one of this absorbing point car and economica questions o file lime. L. Will de Cocussed in a ts plases and from every stanc to not of personal, par y and partiet e nation against the manufacturing interest. prefest. In the changes has y to occur, no incustria class has a more vita interest toan the wool growers of the west. No other single persons a rectly engaged, or half he aggrepublished in the special injerest of his class, and for the runformation, the Loudwing con-Gensec skeren has been express y compiled.

"The first far." act bassed after the acoption of the constitution, was on any 4, 1779. It placed a cuty upon "rate or for and wool" and a mix ure of either of them, and upon reacy made cotting, a cuty of 71, per cen . and "Loon a o her goods, wares, and merchancise," except certain articles enumera ec, among which were colton and woo, a culy of and place of importation "

st, and was not recognized as entitled to protection or of sufficent importance obeaccec to the tar fill ist as a source of revenue, for west-liked as lo lows. to my-six years mereafter, a though, curing has been established by the evy of a cuty or the passage of the various tariff acts prior to Lay 22, 1824, at which time the first cuty was levied on any class of foreign woo, were as follows July 4 1789, Larch 2 and , 1731, May 2, 1793 cune 5 and 7, 1794 Janu ary 29, 17 to 5 ar 1 . 17 ft, ay 5, 1797, April 2, 1810 April 8 1518 March 2, 1~1).

The cates of the passage of acts uncer by this act a compount duty was placed on o each in regard to woo, are given below

The provisions were as 10 lows

On wool unmanutactured, a duty of looper ceptum ac valorem, until the hist cay of une, 182), afterwards a dwiy of to per cent. ac va orem, until the first day of June, 1826. afterwards a duly o - 0 per cent, ac va otemexceed 10 cents per pound, sha be charged ed a meet the uscal exigen ies of the-time. with a cuty of 15 per cent, and no more.

tariff we have ever had on wool, the duty av- cen sper pound, at last post item whence eraging on a grades near y 41 per cent. was sim at in its provisions to the tariff of cents in value and not exceeding 21 cents, o 1507, in so far as it complued the complete cents per pound, exceeding 21 cents and that method o evying bot i a specific and ac va - exceeding 32 cents, 10 cents per point and 10 orem cuty, and was be leved to give the woo growers something, as equa protection with Scoured wools were subject to a duty of woo en manufacturers. Its provisions were three times that levied on

On woo unmanufac arec 4 cents ser joung, and a so in addition thereto 40 per cent. acva orem until 30th of June, 1829. From which time an additional ad valorem duty of 5 per and shocky. cent, shall be imposed annually until the who e of said at valorem cuty shall amount respond with the advance on week, the acto 54 per cent., and woo moorted on the cepter ratio of to 4 being retained. e cin sha be estimated as to we got and va.ue, and shall pay he same outy as other importec woo."

large y n the interest of manufacturers, who, vir na y prompited foin buying any cleap woo, and cobarred romevery out e. for sur-Bus productions by the artificially ligh cost facturers and been formed in November, 364, of their goods, were beginning to feel seri- and emmatte in its meribe ship a majority ous y no resu so overproduction for the of the eading manufacturers of the country home marke s o with hey were confined. W to them the tariff, as adjusted, incoutgrown its usefulness, as has happened many any possible in ringemen, on what it decembed times since, and it was sought to remety the eviby cheapening the cost of the raw material. The new tariff provided as to own

Woo unmanutactured, he value wherenat the place of exportation sua not exceed 5 cents per pound, shall be imported ree of outy, and I any woo so imported 8.18 96 tine woo mixed with cirt, or other mater a, and hus reduced in value to 8 cents per pound, or under, the appraisers sual appra se said woo at suc i price as in heir opininn i, wou chave cost and it no. been mixed, circa of congress, would allow, in view of and a cuty thereon sia be charged in conformity wit i such appraisa, on woo, uumanufactured, the value whereo' at the place of country by inviting Dr. Randall, president of exportation shall exceed S cents there shall be the New York Wool Growers' association of levied 4 cents per pound and 40 per cen ad attendione of its earliest meetings. Is acva orem. 'revices, that woo on the sam coptance of the invitation nesules in the shall be estimated as to weigh, and value as calling of a join convention of wool grow-

n accition to the causes before mentioned which then earn the reductions as above blown, the grea cotton growing region of the south hac gracua y been growing more and more opposed to protective auties, so cal ec, claiming that as growers of that most important horic materia which found chiefy a oreign market, her had the right o avai themse ves of the cheap prices of foreign goods in the markets where they were forced to se, their cotton. Incertie ead of John C. Calhoun and other cemeciatic statesmen the attack became so vigorous as to endanger the whole amil system, if not, as many teared, the stability of the union itself. under the pressure of the times, Lenry Clay, the most influentia advocate of a high protective tariff from the slave states, prought forward a 1833 a tari o which made gracua, reductions throughout the ent re ist, ine uc ng woo.

Let of March ', IS ... (Common y Znown as C ay's Compromise Act) oncer alls act, woo, costing under 8 cents remained free and other woo a were subject to a specific du'y of gents per pound, and an acciona att nulorem cuty of 38 per cen. which, uncer the gracual reduction provided in the was recuced to in her dent. BE M.D OF 1818 TO 1902 TO 194" MIRE PEDENTEL act was passed, which sit further put woo. The points a ms s.ec to apparent a sacvantage. At this time the woo-growers were that t resughout the manufactions districts of the tances the existing tanif schedule was entires y remoce ec.

Act of August 50, 18-2 2 ander this tarif the cut es on woo were as to low-

On coarse woo, unmanufacturet, the value Whereof at the ast port or place whence exportec to the initial States, shall be 7 cents or uncer per pound, there shall be leviet a duty of 5 per centum at valorem, and on at Obler unmanufacture: woo there six be leviec a cuty of J cents per pounc, and 30 per cent at va orem.

Lit ac Claion to a 10 above were provisions or woo o di erent qualities in the same pale. at of July 20, 1840. A he time has act was passed the democratif were again in how-The cuty on worl withou distinction of Couras. of Chicago gives the following inforthe duty on "Manufactures of wool or of woo shall to the component o' caier value," was also fixed at 50 L'ariff 'eg s ation curing the next ew years per cont with the exception of "Manufactures of worsees" and "hostery," which were placed at to per cent

There was an apparent equality in this acabstract which ad a most unfan it serimswas cla mer that as I took ...om three to four pounds of raw wool for a pound of manufacti red c oth, the wool was receiving une ne protection at the expense o manu acturers in the neustry subject to tanifine egis alion is so ratio of one to three or tour, as the shrinkage arge y c.str bulec, has half the number of in manu acturing might be. It is a matter of ustory that under this tariff the manufacture of fine broact oths from savony wool entirely gate capital avested. The Woo courds, is ceased in the country and savon woo raising vir ua v went out with the nome comand or saxony wool which this branch of woo en inenatry had supported I has one-sie ed adjustment of these conflicting interests continued unt 1857, when, uncer a reaction, a new taciff act was passed, scarcely less unfair for A nerican wool growers that its prenecessor has proved to manufacture r-

Act of March of this ac. a wools costing less than 20 cents were ac matter free of cuty; and on a wool, cost ng above 20 cents, a cuty of 24 per cent ac ya orem was

A Conve Mansion, April 22 1880.

W range of the Hawman T caty. Washington, April 1) The report of the

awairin frealy begins with the statement commercial and publical relations with the government of the bawn in slames. The report makes comparison of thesent with past connectified to be seen the two govern was an impaled by an indepth the treaty when it was before congress for adoption instead of increasing relatively faster than imports they have measurely designed of enthe trade of the half year seventy as per cent represented our imports from islands and 24 per ceat our expetis to them, where in it the relative values were imports (7 per cent and exports 55 per cent. In why claimed for the treaty when It was pending in congress in 1870 that it would greatly stimulate our exports of lumber, food products and manufactures, but these projections do not seem to have been fully realized. During the last fiscal year we imported from the Lawaiian slames articles amounture to 55 5.7,497, of which value sugar was \$5,107,198, while for the same year we exported to them articles amounting value to 52,700 50 h The balance this trade we pay in money to planters on the islands, so ne of whom reside in the United Sites, some in England and some in Garmany the argument that the treaty would reduce the price of sugar on the l'acine coast has not proved trus. At the time of the plasage of the treaty sugar was as cheap in San Francisco as in New York. but it had been dear ever since, not withstance ing New York Sugar baid a duty and San Francisco was a lentted tree. It must be evicent, the report says, that we have gamed nothing commercally by the treaty. Articles imported from the United States will continue to be imported whether the treaty be abrogated or not, for the reason that no other Company can supply them as cheaply, i the lawaman Islands should make at these intition by the I miled States sub- c to the duty paid by the same aftices imported from other countries, which is about 0 percent, that would be no impediment to the Linter States of would only be a hit tax min sed of thir home consumers the car of Mad to put a prolibrary duty of the confects any fathem and which c in its progress at longer and connot so the will cours y obtain from any wher country train a moderate cuty our exports would continue to in trase in proportion to the common of the reople of the is ance in bounty In an above in the right of the public treasure to awar in planters pose o' satis ying unreasonable companies or has stimulated very greatly the growth of Topulation and weath in the contract correspondital in arcidit as owth of but export trades but when it so car by redams foot we have ten " I more tem \$1. 800 000 of fer an success to their, went into thet, while our exputs for the same time amount to 1 if at over 5, 600 000 it would seem that we had pair ration dearly for our tirear all same we have poid with have putchased in at the exports and is equivalent to **a** got The people of the Lawsman Islands. The inspority close their report with the statement that they recommend the adoption of their solution more reactly that it does not prevent the a ministration from herotiating for such medibeation of the frenty as will more nearly equalize the benefits to hackrived by the two covernments from their commercial relations. Thereport of the inthority which is signof my Messa backet riches the riches, and clause of hestream on which two lings and Cispute between employer and employed, and brown a fit did to the first frigued, which at times soriously threaten the business a kiett, if that they are a labe to in ite either in recommendations of the report of the mathur, content themselves by expressing their say that the treaty with the king of the arnitia ors chosen in the heat o conflicting Hawahan slands is countercially a good w.'e, aged -5 and 15 years respective y, vieir to be breated a commission of abor consisting modified, yet there are geographical and international reisons with are concluor the government, charged among other sive with them that the iteall ought n t to be abrogated. hey are not willing to surrencer any advantage that may be given by toat treaty to this government o the possible fu-

The Bible in our Public Schools. To the Editor of the Gazette.

Your editoria, in last Saturday's daily and tearticle from the Christian Union again stir reply to what Ar. Walter Crane said in our up the much-mooted question of the Bib e in columns last week as to "what our children

was my fortune, or mistoriume, to have been a teac for in the public schools in an eastern city when the question was at its hight of ciscussion, and each individual lead for was that I did not see Mr. Whater Crane's letter Obliged to meet the practical side of the quest-rill hate last night. As it chanced a nucleign

Compromises were resorted to, that like a'. compromises with a disregard for God's law, as superseding a cothers, resulted in demoral-

zing the assinine of the school room. When the children of Catholic parents might stane outside the coorduring the opening exercises and be marked perfect, while the chieven of Protestant parents standing by weir sice must be marked imperfect. workee an injustice hat was not conducive right in each them to look to a strength greater than their own to carry them through their cay's cuties in study and obedience.

Cat to les comane religious training for meir children, it is a righteous demand. Let lie 'rotestants demand the same. \_ cannot believe that this righteous cemand of the Catholies for religious training of their children. Das at least the disruption of our public school system, I the Protestants insist on the Bible book for mora, cu ture. No frotestant would want the Jooks of Levilicus, So omon's Song, and Louisins discussed during the devotional tists want their chi cren to be taught that springling was the proper mode of paptism, nor yet would Presbyterians want their childtheir salvation; no more would the Catholics want their children taught to disregard the Virgin Mary, out there are portions of the dible on which ad might agree as a code of morals to be taught to chi cren of all denominations. \_ would like to know the opinion of some Catholic priest in regard to the Psa ms of Davic, and the Proverbs of Solomon, being used in 100 school room for devotiona exero cer pupils.

Teachers of common sense will not give denominational teaching. Protestants will object to cenominationa, teaching as quiexy as Catho ics.

You say, "There are two great agents of religious training, that have always been recognized .-- the family and the church."

How can that apply with force to our pubschools were only intended for the children of land admirable identity. At these consisted ious teaching to set him right. Other agen. Colonel A. K. McClure says that the tariff bill Christian parents they might (in a very poor of orphans onely.) way) serve their purpose without moral training. Let it be remembered List the lives of children from the age of six to sixteen years are for nearly one in ? the time spent under the influence of the public schoo . Are Christian parents satisfied to have their children uncer Christian intuence just one tail their

By Ear or Eye? A Letter from Mr. Ruskin,

shortly to be given an extended test.

Mr. Ruskin sends us the following letter in are \_earning";

Brantwood, Larch 14, 1886.

Sin: - cannot look at papers in the morning, or they put me off my cay's work; so a good part of the afternoon listening outside the crawing-room coor to Mrs. Severn teaching her two younger children to sing ", had a little nut-tree" and ". saw three ships"-out" of Mr. Walter Crane's Baby's Opera; her two scholars being baby limself (just 3), at present master of the louse, and Wlo.et, 2 years older, Mr. Crane will not, I hope, think me ungrateful for his pretty book, and the many nappy nours it has given us all, if \_ venture to observe to him that the scholars were learning muc I more by the ear than the eye; -- that children, till they have been very serious y taught to look at 1 Jugs, usually do so, and that broady speal ig well-bred children learn through every bit of their boilies, by their eyes, their ears, their lips, their tongues: -and their skins first of all, in having the said bodies daily washed with pure water-and tras recent celicately -on the occasion. But, that, above all, they care with their hearts, and conscien s; and that the reality christening is not "calling the pretty baby names," at a passing moment, nor choking it with a sudgen charity of a cup of cold water in its face; -but resolutely seeing that, till it react years of discretion, it has its heart sprinkled from an evil conscience. And for other education, as \_ lave no time to write farther on the matter to-gay, -will you allow me Xr. Editor, space for three passages from Eve yn's clary, which sufficiently explain by example, what Mr. Carlyle and a mean by the word. They must be in full size print, please; and so remain your faithful servant.

JOHN RUSKIN A - WELL EDUCATED CHEDREN IN 1986. ", went this evening to see the order of the boys and children at Christ's hospital. There were neere 800 boys and gir s so decent y clad,

c early long'd, so wholesome y fed, so acmirably taught, some the mathematics, especially the 40 of the late king's foundation, that \_ was delighted to see the progress some little youths of 13 and 14 years of age had made. ... saw them at supper, visited their commitories. cises with the word's prayer; and the life of and much admit'd the order, a conomy, and Christ being given as a history lesson to the excellent government of the most charitable seminary. Some are taught for the universities, others design'd for seamen-all for traces and cailings. The girles are instructed in a such worke as of onnes their sexand may fit them for good wives, mistresses, and, to be a blessing to their generation. They sung a psalme before they sat cowne to supper in the greate hall, to an organ which play'd a.l. the time, with such chaerful carmony that it seem'c to me a vision of angels. schools as not needing moral and religious. I came from the place with infinite satisfact instruction in their wors? If our public tion, having never seene a more noble, pious

RE-A WELL EDGG ARED GREAT EADY IN 1078, "The house, or rather palace, at Althorp, is situate in the minst of a garden, examisately plante, and kept, and at this in a park wailed in with newn stone, planted with rows and walks of trees, canals and tish ponds, and stored with game. And what is above all this. governed by a lady, who without any snow of socicitude, keeps everything in such admirabe order, both within and without, from the garret to the ce ar, that I do not believe there is any in this nation, or in any other, that excreds her in such exact order, without ostentation, but substantia ly great auc, noble. The meanest servant is lodged someat and cleanly: the service at the several tables, the good order sie to demand that the masses be trained to and deceney—in a word, the entire economy

> III.-A WELL EDUCATED FOOR CIRE IN 1985. "L'here was amongst them a maiden of primitive ite, the daughter of a poor aboring man, who has sustained her parents (sometime since eeac) by her labor, and has for many years refused marriage, or to receive any assistance from the parish, besides yeartthe hermitage my lany gives her rent free. she lives on four pence a cay, which she gets by spinning; says she abounds and can give alms to others, living in great humility and content, without any apparent affectation or singularity; she is continually working, pray ing, or reading, gives a good account of her knowledge in religion, visits the sick; is not in the east given to talk; very modest, of a simpe not unseem y behavior; of a comely countenance, c ac very plain, but cleane and

WILLIAM OF SHUDARD CONTRACTOR

The regular annual parace and inspection of the Colorado Springs for department took that has everybeen seen in this city, and it from the am you W iam for hear who re-Disce yesterday afternoon and there was a aftered considerable attention upon the side of a fine on county, Eissour, asking ment than has ever before been witnessed in fused \$350 and said that no amount of money place as they desired to see if myrosecuted to Colorado Springs. The members of the cit. Would buy him. ferent companies composing the department began to assemble at their headquarters in the C'ty na short y before 3 o'clock, the time set for the forming of the procession. Short-.y after 3 o'c.ocx Ca ef Engineer Stove. ordered the fire laceles in line, the following ne of march be ng taken up:

Baird's Minstrel Band. Officers and Foremen of the Department.
Colorado Springs Hook and Ladder Co. No 1.
Matt France Hose Company No. 1.
W. S. Jackson Rose Company No. 2. F. Crowell Hose Company No. 3. College Hose Company No. 4.

Starting southward the line of march was assembled. as follows: South on Nevaca to Vermio. west on Verm to to the on, north on the on to Patte avenue, east on Platte avenue thence to the intersection of Tejon street and ~x6'8 768x

From the start the department made a very band that discoursed the very best of music, men came .. W. D. Stove., the chief engineer, C. S. Ferrin, 1st assistant, I. I. Secommerce, secretary, and the companies of the department in the following order:

Look and Lacder company No. 1, e ghisen men in line with L. .. Smith as foreman. John Simmons 1s, assistant and O. P. Sheffer

Mar. France 2080 No. 1, twenty men in Corw.n 1st assistant aud W. W. Stuar, 2nd applause was given the "Freman's Clog,"

men in line will O. L. Godfrey as foreman, formance gave far sat staction. Matt. E. W. our is; ass stan, and Len lackson 2nc ass.stant.

B. F. Crowen mose No. 3, e gateen men in ne w 🗀 A. B. Brabn as foreman, Harper Thomas is, assistant and E.S. Rogers 2nd

College lose No. 4, thirteen men in line, w. J. W. L. W. cer as foreman, R. D. McLeod irst assistant and E. I. Turner second as-

A., a ong the the of march the streets were crowded with people thus slowing that not a the interest was taken in the volunteer cepartment. Beyond wearing un forms and buling the carts there was no effort at theb ay or decoration.

After having followed the route as given above the department based on Pake's Peak C P Llancour to F 3 Chapman, Ps. 11 between Nevaus and Telon, where there was a general inspection by Mayor Barnes, Mayorelect Dow, members of the city council and, Colorado Springs company to E. C. other c .y officers. After posing for a photograph by N ms the department returned o
